PROFILE SUMMARY

Driven to succeed in all aspects. I love learning and I love teaching that which I have learned. I am intent on promoting a positive growth environment wherever I work. I am a persistent advocate of the sentiment that anyone can do anything if they are willing to ask enough questions.

WORK EXPERIENCE

Internship - Full Stack Web Development

2024

Boise Codeworks

- Over 45 hours a week spent on learning and implementing new skills and technologies and applying them to over 35 different projects in the past three months.
- First Full Stack Application - 2 weeks
 - Backend written in Express node.js stored on MongoDB reliant on a secure Auth0 middleware protection.
 - Frontend built in Vue.js that communicates effectively with my REST API to create, receive, update and delete information accessible in the User Interface.
 - The Application is for taking notes on a topic and supports text and url image storage.
